Built in 1911, our new venue, adjacent to Loring Park in Minneapolis, is steeped in bygone history showcasing both raw and ornate details that will romance guests. The venue encompasses two elegant spaces, which can be used separately or in concert to create a seductive and glamorous event experience for all occasions.

Evocative of the Great Gatsby era with art deco design, the 1629 space was originally home to the Stutz Bearcat Car Dealership. Tell-tale signs of its history sprinkle the airy space including an ornate car transport elevator, gleaming original terrazzo floors, 16-foot ceilings dotted with chandeliers, a striking 10-foot inset white marble bar and artful lounge area.

Rustic and raw, the 1625 space showcases original exposed brick walls and expansive 16-foot ceilings which drip with 16 sparkling chandeliers. Primed for dinner, dancing and drinks, a built-in marble bar is tucked into one corner, while an industrial garage door allows for ambient sunlight and views of a quaint cobblestone alleyway.
